

Traveling

By: Mollie McKinney

ME!

For my dad's job we are forced to travel all around the United States. We are starting to plan trips to other countries! I love to get to go and see and learn all about all the cultures!

Planes

The first time I road a airplane I was 3 years old traveling with my parents. When I was 10 years old I started to fly by myself. Which by the way is super scary for me and my parents.

This year!

This year me and my mom are planning to go to New York. New York is my dream city I also plan of living there when I get older.

City Girl..

Besides New York my favorite city would have to be Chicago! I have been there at least a dozen times! I am in love with their stuffed pizza!

Giordano's

Mountains

I also love the colorado mountains when winter arrives. My family takes a annual skiing trip to colorado and hit's the slopes! We all as a family stay in one big house and really get to bond over christmas!

Gateway Arch!

The view of st. Louis is so much prettier from the top of the Gateway Arch! When I was 8 we went into st. Louis for my dads job and got to really pretend like St. Louis was our home for a few weeks! So that meant a lot of sightseeing for me!

Family!

Because my dad's job is a family owned operation anywhere I go most of my family goes to! And i'm not talking about all of us catching the same flight. We all drive at least 17 hours anywhere we go. "talk about car sick"

My dad's job...

We travel around with my dad all year selling corndog! At mainly carnivals, concerts, and even race tracks!

Wisconsin

Wisconsin “home of the cheese” is one of my favorite summertime visits! It is warm and perfect weather to swim during the day and then at night the gets cold enough to build a fire and roast marshmallows! And don't forget about Wisconsin Dells!!

Baby..

Before I turned 1 I had been all over the United States with my parents. And present day today I am still going and moving more than the average teen.

CALIFORNIA!

Instead of hitting the Hollywood Walk of fame I went straight to the San Diego Zoo! I was 8 years old and came to see my family in the San Diego Marine Base. But I did get to go to the beach while I was there!

Disney World!!

When I was 10 my family took a trip to Disney World! It was the best place to take a 10 year old and a 6 year old! If you were to ask me told if I wanted to go to Disney I would most definitely say "YES"!

This past weekend 11-15,16,17-13

I worked in Austin at the Formula 1 races. It was different then just regular racing by just the audience not the mention the difference between the cars. Most of the people that attend where from other countries. They also carried flags for their countries on their back.

Formula 1 races

They have 3 different categories that are (1) vintage, (2) ferrari challenge, and (3) the speed race. The cars in the speed challenge drive around 240 mphs.

KANSAS

My family owns a 2nd house in Kansas. We go up there all the time, for christmas, thanksgiving, hunting season, and also as a pretty little get away. Our house is 15 miles out of town and our closest neighbor is 5 miles away. So I guess you could say we are in the middle of no-where.

SOUTH CAROLINA

Some of my family lives in South Carolina, so before I started school we use to take a trip and all our family would come! We would all stay in this really big/old house. It took us all night and day to get there and once we were there we didn't leave till that last day came.

Way's to travel

You can travel by a car, plane, train, bus, subway, boat, or maybe even by foot. All these options make it easier for us to travel.

To leave...

To leave the country you must have your passport. And of course your ID as proof. Everytime you leave the country they stamp your passport.

THE BORDER

From the United States you can only drive through 2 borders. You can drive through the Border of Mexico and Canada. All other country require you to fly or take a boat.

Things that happen...

While traveling some crazy things can happen like...

- losing your luggage
- your plane getting delayed hours
- getting on the wrong plane or train
- missing your train stop
- Getting lost and missing your flight, train, bus, or even boat.

I can say..

- Both my parents have lost their luggage
- We have been major delayed.
- We missed our train many times
- We've got lost a few time

But in the end we always end up in the right place!

Together!

It's always better to travel with our family, friends, or even in a group. It makes the trip fun and always gets a good look in the airport..

Fun in airports

- Don't get caught on the baggage claim carousel.
- Watch out for the security
- Make sure you disguise your voice when you talk on the airport wide microphone.
- DON'T eat a burrito before you get on a plane!!
- Make sure the emergency button works..

Don't Get Caught...

Traveling

It is a proven fact that traveling can drive you mentally insane. It also can be the start to a relaxful vacation.
